THE FIRST GOVERNMENT - RECOGNISED, EVIDENCE - BASED TRUTH LEARNING

Questionnaire to Question the World Environment

These questions are designed to help you question the world environment, strengthen your independent thinking, and improve the world through learning.

Find out more at: <https://www.worldeducation.online>

The World Environment

Q1. Do people become products of the world environment?
Q2. Who is shown to create and control the world environment?
Q3. What has been created to control the world environment?

Influence of Money

Q1. Who has been shown to create and control money?
Q2. How many systems in the world environment are based on money?
Q3. Is everything controlled by money?
Q4. People in systems controlled by money: will they do everything for it?
Q5. Do they present this behaviour as normal?
Q6. Has money ever been shown to have a positive effect on the world environment?

Control & Government

Q1. What kind of system teaches people what to believe?
Q2. Who controls all the information going into that system?
Q3. If people give themselves or others titles, does this control others and beyond being questioned?

Questions For Children To Think about the World

The World Around Us

Q1. Do people grow up copying the world around them?
Q2. Who decides how the world works?
Q3. Are there things in the world made to control people?

Money and Behaviour

Q1. Who makes money and tells everyone how to use it?
Q2. Do people sometimes do things just for money, even if it isn't right?
Q3. Do adults act like this is normal?
Q4. Do people ever hide the truth about money so others don't see what is really happening?
Q5. Has money ever helped the world become better, or does it cause more problems?

Leaders, and Rules

to believe when they are growing up?
the truth, or do they only teach what they are told to?

THE WORLD IS THE REAL SCHOOL

THINK
Thinking begins when we stop following and start seeing. The world environment shows everything - both truth and deception. To think is to look at what is in front of us, without being told what to believe, and to use our own mind to connect what is real. Independent thought is the first step towards changing the world.

QUESTION
Without questions, nothing improves. Everything in the world environment must be questioned - what is said, what is done, and what is hidden. Questions break apart lies and allow truth to be seen. A world that does not question simply repeats itself. A world that questions can evolve.

LEARN
Learning is more than memorising. Real learning comes from evidence, from observing what happens in the world environment, and from understanding the causes behind it. Every action, good or bad, is a lesson. When we learn from these lessons, we gain the ability to improve ourselves and the world around us.

TEACH
Teaching is not control - it is passing on truth so that others can see, think, and question for themselves. True teaching

THINK
Thinking begins when we stop following and start seeing.

QUESTION
Without questioning, nothing improves.

LEARN
Learning is more than memorising.

TEACH
Teaching is
