

QUESTION TO LEARN

an initiative of **WORLDEDUCATION.ONLINE**

The First Government-Recognised, Evidence-Based Truth Learning.

★ What It Is

A movement that helps everyone begin questioning the real world environment — with adults sharing the children's materials only with other adults, so they reach children safely through parents, teachers, and schools.

★ Why It Exists

People were taught systems, roles, and explanations — but never shown the real world environment itself. This movement helps adults understand it correctly and pass the right tools to children safely and responsibly.
